### skills

comfortable  
JavaScript  
C#  
~~~~~  
Git  
familiar  
HTML / CSS  
Haskell  
Scheme (by virtue of SICP)  
~~~~~  
Node.js  
Express  
React  
MongoDB  
Heroku

### languages

poficient  
English  
Russian  
familiar  
Hebrew

### hobbies

reading  
cooking  
philosophy  
chess  
traveling

### selected projects

**flick-radar** JavaScript | A prototype of an app that tracks movies released by directors the users choose to follow

- The backend RESTful api is built with Node.js, Express and MongoDB and deployed on Heroku
- The sdk for accessing the api endpoints is built as an npm module
- The frontend is built with React

[danplisetsky.github.io/flick-radar](https://danplisetsky.github.io/flick-radar)

**resume-maker** JavaScript | An interactive resume-making tool

- Developed out of necessity for a simple resume-making tool with immediate visual response
- Built with vanilla JavaScript using functional programming principles
- Used to create this resume

[danplisetsky.github.io/resume-maker](https://danplisetsky.github.io/resume-maker)

**iTunesSearch** C# | A library that acts as a wrapper for the iTunes search API

- Contributed new functionality to the library

[github.com/danplisetsky/iTunesSearch](https://github.com/danplisetsky/iTunesSearch)

**data-wiz** JavaScript | A Web app that visualizes Facebook Pages' insights

- Allowed to quickly select and visualize custom data to discover trends that would inform decisions on which kind of content should be prioritized
- The backend is built with Node.js and Express and deployed on Heroku
- The frontend is built with D3.js

[danplisetsky.github.io/projects](https://danplisetsky.github.io/projects)

**Reservists' Database** C# | An app to manage reservists

- A Windows desktop app written in C# using WPF, MVVM and TDD
- Replaced a decade-old web app

[danplisetsky.github.io/projects](https://danplisetsky.github.io/projects)

**Guard Duty Scheduler** C# | An app to create fair guard duty schedule

- A Windows desktop app written in C# using WPF, MVVM and TDD
- Automated the process previously done manually and inefficiently

[danplisetsky.github.io/projects](https://danplisetsky.github.io/projects)

### work experience

10/2016--08/2018	<b>Israel Defense Forces</b> Software Developer	Israel
	<ul style="list-style-type: none"><li>• Developed applications for the IDF's internal use (some of them are listed above: Guard Duty Scheduler, Reservists' Database, data-wiz)</li><li>• Discovered processes ripe for automation, promoted and initiated the development of software that would achieve that effect</li><li>• Collected requirements, implemented business logic, performed user acceptance testing</li></ul>	
07/2015--Present	<b>Freelance Writer</b>	
	<ul style="list-style-type: none"><li>• Write feature stories, interviews, columns and more</li><li>• Works have been published in the English-language Times of Israel and GameSinner and Russian-language Jewish.ru</li></ul>	
02/2015--07/2015	<b>BASICALLY</b> Staff Writer and Editor ~ ad hoc Programmer	Jerusalem, israel
	<ul style="list-style-type: none"><li>• Wrote and edited short explanatory financial news stories</li><li>• Composed daily newsletter and uploaded articles to the Android app via MailChimp and the Parse platform respectively</li><li>• Wrote two C# console apps that streamlined the process of formatting the articles for the Android app and the newsletter</li></ul>	
05/2013--05/2014	<b>AT Consulting</b> Systems Analyst	Moscow, Russia
	<ul style="list-style-type: none"><li>• Worked in a team of analysts and developers on a Web application for Beeline Customer Relationship Management System</li><li>• Acquired skills of drawing system prototypes using Axure software, technical writing and user acceptance testing</li><li>• Got a working knowledge of the JIRA bug tracking system</li></ul>	

### education

2008--2013	<b>Specialist (MA equivalent) degree in Applied Mathematics and Informatics (Computer Science)</b>	Moscow Engineering Physics Institute, Moscow, Russia
------------	--	--

### extras

#### Achievements
